Instructions for Completing Form MF-134

To post a cash bond with the Fuel & Environmental Tax Section, you must complete the enclosed cash bond form and submit it with a money order or cashier's check made payable to the Indiana Department of Revenue for the amount of the bond. In lieu of obtaining a money order or cashier's check, you may choose to submit the bond amount in cash with a properly completed cash bond form. Because the Department does not accept cash sent by mail, the Department will reject all cash payments which are not submitted in person. Also, personal checks will not be accepted.

When completing the bond form, all blanks must be completed, and your signature must be notarized. If the bond form is submitted after the date the license being requested becomes effective, the effective date of the bond must be retroactive to the effective date of the license.

Upon receipt of the bond, the bond amount will be held in escrow and will not expire until the bond is cancelled. After the cancellation date, the bond will remain in effect for a period of three years and one day after the expiration date unless you are notified in writing by the administrator of the Fuel & Environmental Tax Section that all obligations due to the State of Indiana have been paid following an audit. After the bond is released, the bond amount will be returned to you.
